KEY TECHNOLOGIES

STRETCHDRY WATERPROOF TECHNOLOGY

Our Stretchdry technology enables us to produce a product which has a hydrophilic membrane, but unlike anything else on the market, we also incorporate a huge amount of stretch, making this product, waterproof, breathable, windproof and incredibly comfortable.

MERINO WOOL

Merino wool is a wicking fibre which has the ability to absorb and release moisture to cool or warm, regulating temperature. Can absorb and release 10 times more moisture than synthetics. Merino has excellent anti-microbial properties, helping to reduce odour build-up.

PRESS & MEDIA

COUNTRYFILE MAGAZINE – MAR 16 (Based on 1111410)

"Who needs wellies to combat April showers when you can keep your toes snug in a pair of waterproof socks?"

"Top choice for claggy conditions"

"Completely impermeable to water and wind, yet still perfectly comfortable and breathable thanks to the merino wool lining"

CONSUMER WEB REVIEWS

Doyley - Hartlepool, UK

5/5

"A mate has told me for years how good these socks were. After a game with wet feet, I decided to take the plunge. They're great, should have got them years ago!!!"

Rman - Nanaimo, BC, Canada

5/5

"The socks certainly keep my feet dry no matter how wet it is."

Chris H - London, UK

5/5

"Great sock, keeps the wind and rain out. Very warm in the cold wind!"

GUARANTEE

LIFETIME GUARANTEE

We are passionate about all our products and we want all of our customers who wear Sealskinz to be equally proud. For this reason, we test, individually, all of our knitted sock and glove products by hand to ensure that they are 100% waterproof. Not one in one thousand, not one in one hundred, every single piece.

In the unlikely event that there is a problem, we will provide a free replacement pair of waterproof socks or Ultra Grip Gloves covered by our lifetime guarantee provided that the product has failed due to a manufacturing default the product has not suffered undue wear and tear and that you provide us with proof of purchase.
